- ✓ Solve problems using information presented in graphs

RELIGIOUS EDUCATION

- ✓ Creation – gifts from God
- ✓ The Ten Commandments

SCIENCE

Materials and their properties:

- ✓ Compare and group together materials according to their properties
- ✓ Know that some materials dissolve in a liquid to form a solution and describe how the substance can be recovered from the solution
- ✓ Use knowledge of solids, liquids and gases to decide how mixtures might be separated
- ✓ Give reasons, based on comparative and fair tests, for particular uses of everyday materials
- ✓ Know that dissolving, mixing and changes of state are reversible changes
- ✓ Explain that some changes result in the formation of a new material and that this change is usually irreversible

Forces

- ✓ explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object
- ✓ identify the effects of air resistance, water resistance and friction, that act between moving surfaces
- ✓ recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.

COMPUTING

- ✓ E-safety
- ✓ Basic skills including speed typing
- ✓ Programming
